

Aluminum Wire Fixers, 1.5 mm Diameter, Wire Hanging Hardware, 20-Piece Bag

- Machined from aluminum for corrosion-resistant service
- 1.5 mm diameter body sized for fine suspension wire
- Supplied 20 pieces per bag for multi-point installs
- Accommodates a range of wire gauges on a single fixer
- Backed by a 1-year warranty

OVERVIEW

The BS-W-B01 Aluminum Wire Fixer is a compact fastening accessory used to secure and anchor suspension wire in commercial and industrial sign and display installations. Each unit measures 1.5 mm in diameter and is constructed from aluminum, providing a lightweight component for organizing and terminating wire runs.

Each bag contains 20 wire fixers, suited to stocking job sites or maintenance inventories. The fixer accommodates a range of wire gauges and is intended for straightforward, repeatable installation with a consistent grip on the wire.

Covered by a 1-year warranty.
