

# Aluminum Wire Fixers, 2.0 mm Wire Diameter, 20-Piece Bag, Sign Suspension Hardware

- Accommodates 2.0 mm diameter suspension wire
- Aluminum construction for durability and low weight
- Supplied 20 pieces per bag for multi-point installations
- Compact profile keeps hardware discreet at the fastening point
- Backed by a one-year warranty

## OVERVIEW

The Aluminum Wire Fixer is a compact fastening accessory designed to secure wire in place across sign suspension, electrical, DIY, and artistic applications. Each unit accommodates 2.0 mm diameter wire and is constructed from aluminum for durability and a professional finish. Packages contain 20 units.

The aluminum construction keeps each fixer lightweight, supporting convenient handling and transport on the job site. The design is intended to minimize wire movement and reduce the risk of accidental disconnection or damage at the fastening point.

Covered by a one-year warranty.
