

Stainless Steel Suspension Wire — 1.5 mm Diameter, 30 m Roll

- Premium-grade stainless steel construction resists rust and corrosion
- 1.5 mm wire diameter suited for suspension and rigging tasks
- Supplied in 30-meter rolls for continuous-run applications
- High tensile strength combined with flexibility for handling
- Backed by a 1-year warranty

OVERVIEW

The BS-Wire1.5 is a 1.5 mm diameter stainless steel wire supplied in 30-meter rolls, intended for use in construction, manufacturing, and general industrial or commercial applications. It is suitable for suspension, rigging, and structural support tasks where a reliable, corrosion-resistant wire is required.

Constructed from premium-grade stainless steel, this wire offers resistance to rust and corrosion along with high tensile strength and flexibility, making it appropriate for both indoor and outdoor environments where moisture or chemical exposure may be a concern.

Backed by a 1-year warranty for added assurance of build quality.
