

## 2.4 GHz RGB+CCT Rainbow Remote, 1-Zone, 30 m Range

### OVERVIEW

The S2-W is a 2.4 GHz RF wireless remote designed to control MiBoxer/Mi-Light 2.4G series RGB+CCT luminaires. It is intended for single-zone applications where independent adjustment of color, color temperature, brightness, and saturation is required across a 16-million-color spectrum.

The remote operates on 3V DC supplied by two AAA batteries and transmits at 6 dBm over the 2.4 GHz band, providing a control range of up to 30 m. Standby current draw is rated at 20  $\mu$ A. Operating temperature range is -10°C to 40°C (14°F to 104°F). The unit is available in white (S2-W) and black (S2-B) finishes.

No certifications are confirmed in the available source data. Consult your Poli LED & Signs representative for compliance documentation applicable to your project requirements.
