

Wi-Fi Smart Dimmer Switch, Single-Pole, Neutral Wire Required, LED/Halogen/Incandescent

- Single-pole dimmer switch requiring a neutral wire for installation
- Controls dimmable LED, halogen, and incandescent bulbs
- Voice control compatible with Alexa and Google Assistant
- Remote scheduling and adjustment via dedicated mobile app
- Rated LED lifetime of 50,000 hours
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-PAC-SM150 is a Wi-Fi-enabled smart dimmer switch for single-pole residential and light commercial lighting control applications. It requires a neutral wire for installation and supports dimmable LED, halogen, and incandescent bulb types.

The switch integrates with Amazon Alexa and Google Assistant for voice control and supports remote operation via a dedicated mobile app, allowing scheduling and adjustment from any location with an internet connection. Rated LED lifetime is 50,000 hours, and the unit carries a 1-year warranty.
