

Satin Brass 1 - Gang On/Off Wall Switch

- Single-gang configuration for standard wall box installation
- On/off toggle switch operation
- Satin brass finish for decorative hardware coordination

OVERVIEW

The C-SW1-SB is a single-gang on/off toggle switch finished in satin brass, suited for commercial and residential lighting control applications where a decorative metallic finish is specified.

The single-gang configuration allows installation in a standard wall box without modification, and the satin brass finish coordinates with traditional or vintage-style hardware and fixtures.
