

3 - Gang Wall Plate, Decorator/GFCI/Tamper - Resistant Openings, Night Black Brass, 120V 15A

- Three-gang configuration with decorator, GFCI, and tamper-resistant openings
- Brass construction with Night Black finish
- Rated for 120V circuits at up to 15A
- IP20 rated for standard indoor dry-location use
- UL listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-3-D-G-T is a 3-gang wall plate finished in Night Black brass, intended for residential and light commercial wiring installations. It combines one decorator opening, one GFCI opening, and one tamper-resistant opening across three gangs, allowing a mixed device arrangement in a single plate for new construction or retrofit projects.

The plate is constructed from brass with a Night Black finish and is rated for 120V, 15A circuits. It carries an IP20 rating and a Non-Waterproof environmental rating, indicating suitability for standard indoor dry-location use.

The product is UL listed and carries a 1-year warranty.
