- 3 - gang configuration with decorator, GFCI and USB openings
- Brass construction for the plate body
- Rated for 120V/15A electrical service
- IP20 rating for indoor dry -location installation
- UL listed device
- Backed by a 1 -year warranty

OVERVIEW

The C-VTG-AB-3-D-G-U is a 3 -gang wall plate combining one decorator opening, one GFCI opening and one USB opening, finished in Night Black. It suits residential and light commercial wiring stations where mixed device types are needed at a single location. The plate is constructed from brass and rated for 120V/15A service, carrying an IP20 rating for standard indoor dry -location use and a Non - Waterproof classification. It is UL listed and backed by a 1 -year warranty.
