

3-Gang Decorator Wall Plate, Night Black Brass Finish, 120V/15A, UL Listed

- 3-gang decorator configuration with three unified device openings
- Night Black brass finish for consistent all-black gang runs
- Rated 120V at 15A for standard residential circuits
- IP20 environmental rating for non-waterproof indoor use
- Brass construction for durable wiring device service
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-AB-3-G-G-T is a 3-gang decorator wall plate finished in Night Black brass, configured for residence supply installations where three device openings share one unified cover. It suits multi-device wall runs requiring a consistent all-black finish across gang positions.

The plate is rated for 120V service at 15A and carries an IP20 environmental rating, reflecting non-waterproof, indoor-only use. It is constructed of brass for standard wiring device durability.

The device is UL listed and backed by a 1-year warranty.
