

3-Gang Wall Plate, GFCI, Switch and USB Openings, Brass, Night Black Finish, 120V/15A

- Three-gang layout with GFCI, switch and USB openings
 - Brass construction for device plate durability
 - Night Black finish for a uniform all-black wall layout
- Rated for 120V/15A electrical service
 - IP20 environmental rating for non-waterproof indoor use
 - UL listed and backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-3-G-S-U is a 3-gang wall plate built from brass and finished in Night Black, intended for residential and light commercial wiring installations where a uniform all-black device layout is required. The build-your-own configuration arranges one GFCI opening, one switch opening and one USB opening across a three-gang layout for multi-device wall installations.

The plate is rated for 120V/15A service and carries an IP20 environmental rating, indicating it is intended for non-waterproof, indoor use only. It is UL listed and backed by a 1-year warranty.
