

3-Gang Wall Plate with Switch, Toggle and USB Openings, Night Black Brass, 120V 15A, UL Listed

- Three-gang configuration with switch, toggle and USB openings
- Night Black finish over brass construction
- Rated 120V at 15A for standard residential circuits
- IP20 rated for non-waterproof, dry interior locations
- UL listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-3-S-T-U is a three-gang wall plate assembly finished in Night Black brass, configured with a decorator switch opening, a toggle opening and a USB opening for coordinated residential supply installations. It is intended for use where a unified all-black finish is required across multiple device types on a single plate.

The device is rated for 120V operation at 15A and carries an IP20, Non-Waterproof environmental rating, indicating suitability for standard interior residential wiring rather than wet or damp locations.

The assembly is UL listed and backed by a 1-year warranty.
