

4-Gang Brass Wall Plate, Two Decorator, One GFCI, One Toggle Opening, Night Black, 120V 15A

- Four-gang brass wall plate with mixed opening configuration
 - Two decorator openings, one GFCI opening, one toggle opening
- Night Black all-black brass finish for uniform appearance
 - Rated IP20 for non-waterproof, indoor dry-location use
 - Supports 120V branch circuits at up to 15A
 - UL listed with a 1-year warranty

OVERVIEW

The C-VTG-AB-4-D-D-G-T is a 4-gang wall plate finished in Night Black all-black brass, configured with two decorator openings, one GFCI opening and one toggle opening. This layout allows mixed device types to be installed in a single gang location for residential supply applications requiring a uniform appearance.

Constructed from brass and rated IP20 for non-waterproof, indoor dry-location use, the plate supports 120V/15A branch circuit service consistent with standard residential wiring.

The device is UL listed and carries a 1-year warranty.
