

4 - Gang Wall Plate, Two Duplex and Two Single Openings, Night Black Brass, 120V 15A

- 4-gang configuration with two duplex and two single openings
- Brass construction for durable indoor wiring device support
- Night Black/All Black finish for consistent dark-toned installations
- Rated 120V at 15A for standard residential circuits
- IP20, non-waterproof rating for indoor use only
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-AB-4-D-D-S-S is a 4-gang wall plate configured with two duplex openings and two single openings, finished in Night Black brass. It is intended for residential supply builds requiring multiple device types combined in one gang location with a consistent dark-toned finish. Constructed from brass, the wall plate is rated for 120V at 15A and carries an IP20, non-waterproof rating suited to standard indoor North American residential wiring. The device is UL listed and carries a 1-year warranty.
