

4 - Gang Wall Plate, One Decorator, Two GFCI, One USB Opening, Night Black Brass, 120V 15A

- 4-gang configuration with one decorator, two GFCI and one USB opening
 - Brass construction finished in Night Black for uniform appearance
- Rated for 120 V, 15 A electrical service
 - IP20 rated for standard indoor dry-location use
 - UL listed for code-compliant installation
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-4-D-G-G-U is a 4-gang wall plate finished in Night Black brass, combining one decorator opening, two GFCI openings and one USB opening within a single assembly. It is intended for residential supply applications requiring a consistent all-black finish across multiple device types.

Constructed from brass, the plate is rated for 120 V, 15 A service and carries an IP20 rating, suitable for standard indoor dry-location installations.

The device is UL listed and backed by a 1-year warranty.
