

4 - Gang Wall Plate, Decorator/GFCI/Two USB Openings, Brass, Night Black, 120V/15A

- 4-gang configuration with decorator, GFCI, and two USB openings
- Brass base construction for finish hardware durability
- Night Black finish across all four gang openings
- Rated 120 V at 15 A maximum current draw
- IP20 rated for non-waterproof, indoor dry-location use
- UL listed assembly with 1-year warranty

OVERVIEW

The C-VTG-AB-4-D-G-U-U is a 4-gang wall plate kit finished in Night Black, built on a brass base and configured with one decorator opening, one GFCI opening, and two USB openings. It is intended for residential supply applications where a unified, dark-finish faceplate is required across multiple device types at a single gang location.

The kit is rated for 120 V service at 15 A and carries an IP20 rating, suitable for standard indoor dry-location installations classified as non-waterproof. The brass construction provides durability consistent with commercial-grade finish hardware.

The assembly is UL listed and backed by a 1-year warranty.
