

4-Gang Wall Plate, Decorator, Two Switch and USB Openings, Night Black Brass, 120V 15A

- 4-gang configuration with one decorator opening, two switches, one USB
- Brass construction with Night Black finish
- Rated for 120V service at 15A maximum current
- IP20 environmental rating for dry-location interior use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-4-D-S-S-U is a 4-gang wall plate assembly configured with one decorator opening, two switch positions, and one USB opening, finished in Night Black brass. It is intended for residential supply applications where contractors and property managers require a coordinated multi-device configuration in a single mounting location.

Constructed from brass with a Night Black finish, the assembly is rated for 120V/15A service and carries an IP20 environmental rating, suited to standard interior dry-location use.

The assembly is UL listed and backed by a 1-year warranty.
