

4 - Gang Wall Plate, Night Black Finish, Brass, 120V/15A, Two GFCI and Two Toggle Switch Openings

- 4-gang configuration with two GFCI and two toggle switch openings
- Brass construction with Night Black all-black finish
- Rated for 120V/15A residential circuits
- IP20 rated for standard interior dry-location use
- UL listed device
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-4-G-G-S-S is a 4-gang wall plate finished in Night Black with an all-black aesthetic, intended for residential supply installations where a uniform dark finish is required across multiple device openings. The GGSS layout provides two GFCI openings and two toggle switch openings, suited to combined outlet and switch points in kitchens, bathrooms, and utility areas.

Constructed from brass, the plate is rated for 120V/15A circuits and carries an IP20 rating, indicating suitability for standard interior dry-location use rather than wet or damp environments.

The device is UL listed and backed by a 1-year warranty.
