

4 - Gang Wall Plate, Two GFCI, One Toggle and One USB Openings, Night Black Brass, 120V/15A

- 4-gang configuration with two GFCI, one toggle and one USB openings
- Brass construction in Night Black all-black finish
- Rated 120V/15A for standard residential circuits
- IP20 rated, Non-Waterproof, for indoor use only
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-AB-4-G-G-T-U is a 4-gang wall plate configuration in a Night Black all-black brass finish, built for residential supply applications where a coordinated dark-finish electrical aesthetic is required. The build-your-own layout combines two GFCI openings, one toggle switch opening and one USB opening across four gangs for custom residential wiring projects.

Constructed from brass, the plate carries an IP20 rating and is classified Non-Waterproof, intended for standard indoor environments. It is rated for 120V/15A service.

The device is UL listed and carries a 1-year warranty.
