

4-Gang Wall Plate, Night Black Brass Finish, 120V/15A, UL Listed

- Four-gang configuration with one gang opening and three standard openings
- Night Black finish over a brass substrate for a uniform all-black appearance
- Rated 120V at 15A for standard residential and light commercial circuits
- IP20 non-waterproof rating limits use to interior dry locations
- UL listed for compliance verification on inspected installations
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-4-G-S-S-S is a 4-gang wall plate finished in Night Black over a brass substrate, built for residence supply installations where a uniform, all-black cover is specified across four device openings. The configuration pairs one gang opening with three additional standard openings for a consistent decorator-style layout.

Rated for 120V at 15A with an IP20, non-waterproof classification suited to interior dry-location use.

The plate is UL listed and carries a 1-year warranty.
