

4 - Gang Wiring Device Plate, Night Black Brass Finish, 120V/15A, Two Switches and Two USB Openings

- 4 - gang configuration with two switch and two USB openings
- Brass construction with Night Black finish
- Rated 120V/15A for standard residential and commercial circuits
- IP20 rated for dry, indoor installation only
- UL listed device
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-AB-4-S-S-U-U is a 4-gang decorator wall plate assembly finished in Night Black, configured with two switch openings and two USB device openings. It is intended for residential and commercial supply installations where mixed switching and USB charging functions are combined at a single wall location.

Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor environments. It carries a Non - Waterproof environmental rating consistent with interior use only.

The device is UL listed and backed by a 1 - year warranty.
