

5 - Gang Wall Plate, Three Decorator Openings and Two GFCI, Night Black Brass, 120V 15A

- Five-gang configuration with three decorator openings and two GFCI openings
- Brass construction with Night Black finish
- Rated for 120V, 15A service
- IP20 rating for indoor dry-location use
- Non-waterproof environmental rating
- UL listed, backed by 1-year warranty

OVERVIEW

The C-VTG-AB-5-D-D-D-G-G is a 5-gang wall plate finished in Night Black brass, configured with three decorator-style openings and two GFCI openings. It is designed for residential supply applications where a custom multi-device configuration is required in a single gang assembly.

Constructed from brass with a Night Black finish, this plate is rated for 120V/15A service and carries an IP20 rating, suitable for standard indoor dry-location installations.

UL listed and backed by a 1-year warranty.
