

5 - Gang Wiring Device Plate, Night Black Brass, 120V/15A, Three Decorator, GFCI, USB

- Five-gang configuration with three decorator, one GFCI, one USB opening
 - Brass construction with Night Black finish for coordinated dark hardware
- Rated 120 V at 15 A for standard residential circuits
 - IP20 rated, non-waterproof, for indoor dry-location use
 - UL listed for compliance verification
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-5-D-D-D-G-U is a 5-gang wiring device assembly finished in Night Black brass, configured with three decorator openings, one GFCI opening, and one USB opening. It suits residential supply installations where a coordinated all-black finish is required alongside multi-device functionality.

Constructed from brass, the assembly is rated for 120 V service at 15 A and carries an IP20 rating, suitable for standard indoor dry-location installations. The device is UL listed and carries a 1-year warranty.
