

5 - Gang Wall Plate, Two Duplex and Three GFCI Openings, Night Black Brass, 120V/15A

- 5 - gang configuration with two duplex and three GFCI openings
 - Brass construction for structural durability
 - Night Black finish for a uniform vintage appearance
- Rated for 120 V circuits at 15 A maximum current
 - IP20 rated for dry indoor environments
 - UL listed with a 1 - year warranty

OVERVIEW

The C-VTG-AB-5-D-D-G-G-G is a 5 - gang wall plate finished in Night Black, configured with two duplex receptacle openings and three GFCI receptacle openings (DDGGG). It is intended for residential supply applications where standard and ground - fault protected outlets are combined in a single faceplate assembly.

The plate is constructed from brass and rated for 120 V circuits at 15 A. It carries an IP20 rating, indicating suitability for dry indoor environments, and is classified as non - waterproof.

The assembly is UL listed and backed by a 1 - year warranty.
