

5 - Gang Wall Plate, Two Duplex, Two GFCI and One Switch Opening, 120V/15A, Night Black Brass

- Five-gang configuration with two duplex, two GFCI and one switch opening
- Brass construction with Night Black finish for a coordinated all-black look
- Rated for 120 V / 15 A residential supply service
- IP20 environmental rating for standard indoor dry-location use
- Classified Non-Waterproof for interior wiring applications
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-AB-5-D-D-G-G-S is a 5-gang wiring device plate configured with two duplex openings, two GFCI openings and one switch opening, finished in Night Black brass. It is intended for residential supply applications where a coordinated, all-black aesthetic is required across multi-device wall plate installations. Constructed from brass with a Night Black finish, the plate is rated for 120 V / 15 A service and carries an IP20 environmental rating, suitable for standard indoor dry-location installations. It is classified Non-Waterproof. The device is UL listed and is backed by a 1-year warranty.
