

5 - Gang Wall Plate Assembly, Two Decorator, Two GFCI, One Toggle, Brass, Night Black, 120V 15A

- Five-gang configuration with two decorator, two GFCI, and one toggle opening
- Brass construction with Night Black finish
- Rated for 120V service at 15A
- IP20 rated for standard indoor dry-location use
- Non-waterproof environmental rating
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-AB-5-D-D-G-G-T is a five-gang wall plate assembly finished in Night Black, configured with two decorator openings, two GFCI openings, and one toggle opening. It is built for residential supply applications requiring a custom multi-device configuration in a single unified plate.

Constructed from brass, the assembly is rated for 120V service at 15A and carries an IP20 rating, suitable for standard indoor dry-location installations with a non-waterproof rating.

The assembly is UL listed and carries a 1-year warranty.
