

5 - Gang Wall Plate, Two Decorator, Two GFCI, One USB, Night Black Brass, UL Listed

- 5-gang configuration with two decorator and two GFCI-style openings plus one USB opening
- Brass construction with Night Black finish
- Rated for 120V/15A electrical service
- IP20 rating for standard indoor dry-location use
- UL listed for code-compliant installation
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-5-D-D-G-G-U is a 5-gang combination wall plate finished in Night Black brass, designed for wiring installations where multiple device types are combined in a single gang location. The configuration includes two decorator openings, two GFCI-style openings, and one USB opening, suited to mixed-use residential or light commercial applications.

Constructed from brass with a Night Black finish, the plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for standard indoor dry-location installations. The product is UL listed and backed by a 1-year warranty.
