

5 - Gang Wall Plate, One Decorator, Three GFCI and One Switch Opening, Night Black Brass, 120V 15A

- Five-gang configuration with one decorator, three GFCI and one switch opening
 - Constructed from brass with a Night Black all-over finish
 - Rated for 120V service at 15A maximum current draw
- IP20 rated for standard indoor dry-location use
 - Non-Waterproof environmental rating for interior installations
 - UL listed with a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-5-D-G-G-G-S is a 5-gang wall plate finished in Night Black with an all-brass construction, designed for residential and light commercial installations requiring a coordinated, dark-finish aesthetic. The configuration includes one decorator opening, three GFCI openings and one switch opening, allowing multiple device types to be mounted in a single wall location. Rated for 120V/15A service, the plate carries an IP20 rating and a Non-Waterproof environmental rating, indicating suitability for standard indoor dry-location use. It is UL listed and backed by a 1-year warranty.
