

5 - Gang Wall Plate, Night Black Brass, Decorator, GFCI, Toggle and USB Openings, 120V/15A

- 5-gang configuration with decorator, GFCI, toggle and dual USB openings
- Brass construction with Night Black all-black finish
- Rated 120V/15A for standard North American residential circuits
- IP20 rated for non-waterproof, dry interior applications
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-5-D-G-T-U-U is a 5-gang wall plate finished in Night Black with all-black brass construction. It is configured with one decorator opening, one GFCI opening, one toggle opening, and two USB openings, suitable for multi-device residential installations requiring mixed switch and receptacle layouts in a single gang plate.

Constructed from brass and rated IP20 for non-waterproof, dry interior use, the plate is compatible with 120V/15A wiring configurations typical of North American residential circuits.

The device is UL listed and carries a 1-year warranty.
