

5 - Gang Wall Plate, One Decorator, Three Toggle, One USB, Night Black Brass, 120V/15A, UL Listed

- 5 - gang configuration with one decorator and three toggle openings plus one USB opening
- Brass construction for dimensional stability and durability
- Night Black finish suited to vintage-style residence supply installations
- Rated for 120V/15A service
- IP20 rated for standard indoor dry-location use
- UL listed and backed by a 1 - year warranty

OVERVIEW

The C-VTG-AB-5-D-S-S-S-U is a 5-gang wiring device plate finished in Night Black, built from brass for a vintage-style residence supply installation. The gang configuration includes one decorator opening, three toggle switch openings and one USB opening, suited to mixed-device wall layouts in residential or light commercial settings.

The plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for standard indoor dry-location use. Brass construction offers dimensional stability and durability relative to thermoplastic alternatives.

The device is UL listed and backed by a 1-year warranty.
