OVERVIEW

The C-VTG-AB-5-D-S-U-U-U is a 5 - gang wall plate assembly finished in Night Black with all - black brass construction, configured with one decorator opening, one toggle switch opening and three USB openings. It is built for residential supply applications where a consistent dark finish across multiple device types is required.

Constructed from brass, the plate carries an IP20 rating, indicating suitability for standard indoor dry locations, and is rated 120V/15A for standard North American residential branch circuits.

The assembly is UL listed and backed by a 1 - year warranty.
