

5 - Gang Wall Plate, Night Black Brass Finish, 120V/15A, UL Listed

- Five-gang configuration with three outlet, one toggle, and one USB opening
 - Brass construction with Night Black finish
 - Rated for 120V branch circuits at up to 15A
- IP20 rated for dry, non-waterproof interior applications
 - UL Listed for code-compliant installations
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-5-G-G-G-T-U is a five-gang wall plate finished in Night Black brass, intended for custom residential and light commercial wiring installations. The GGGTU configuration provides three outlet openings, one toggle switch opening, and one USB opening, suiting mixed-device layouts where a uniform all-black aesthetic is required.

Constructed from brass with a Night Black finish, the plate carries an IP20 rating and a Non-Waterproof environmental rating, making it appropriate for dry interior use. It is rated for 120V/15A branch circuit wiring.

The device is UL Listed and backed by a 1-year warranty.
