

5 - Gang Wall Plate, Two GFCI and Three Toggle Openings, Night Black Brass, 120V/15A UL Listed

- Five-gang brass wall plate with two GFCI and three toggle switch openings
- Night Black finish across all five gang openings for a uniform appearance
- Rated for 120V circuits at up to 15A maximum current draw
- Non-Waterproof design with IP20 environmental rating for indoor use
- UL listed device backed by a 1-year manufacturer warranty
- Rated for 50,000-hour service life

OVERVIEW

The C-VTG-AB-5-G-G-S-S-S is a 5-gang wall plate configured with two GFCI openings and three toggle switch openings, finished in Night Black brass for a uniform, all-black appearance across multiple devices in residential supply applications. It is designed for indoor, dry-location installations where several devices must be combined in a single frame. Constructed from brass with a Non-Waterproof, IP20 environmental rating, the plate is rated for 120V/15A circuits and carries a 50,000-hour service life rating. The device is UL listed and backed by a 1-year warranty.
