OVERVIEW

The C-VTG-AB-5-G-S-S-S-S is a 5 - gang wall plate configured with one GFCI opening and four toggle switch openings, finished in Night Black brass for a uniform, dark - toned appearance across multi - device installations. It is intended for residential and light commercial supply applications where grouped switch and GFCI control is required in a single location.

Constructed from brass, the plate is rated Non - Waterproof with an IP20 environmental rating and is suited for standard interior 120V, 15A circuits. The device is UL listed and carries a 1 - year warranty.

The uniform Night Black finish extends across the face and hardware, providing a consistent look for specification - grade residential and commercial interiors.
