

5 - Gang Wall Plate, Night Black Brass Finish, 120V 15A UL Listed

- Five-gang wall plate with five device openings for combined switch and outlet layouts
 - Brass construction finished in Night Black for a uniform all-black appearance
- Rated for 120V service at 15A maximum current draw
 - IP20 rated for dry, non-waterproof indoor installations
 - UL listed for compliance verification
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-5-G-S-S-T-T is a 5-gang wall plate finished in Night Black, designed for residence supply applications requiring a consistent, all-black aesthetic. The plate accommodates five device openings in a configured layout suitable for residential and light commercial installations.

Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor locations. It is rated non-waterproof and intended for standard interior wall box mounting.

The unit is UL listed and backed by a 1-year warranty.
