

5 - Gang Wall Plate with GFCI, Three Toggles and USB, Night Black Brass, 120V 15A UL Listed

- 5-gang configuration with GFCI, three toggles and USB module
- Brass construction with Night Black all-black finish
- Rated for 120V, 15A electrical service
- IP20 rated for indoor dry-location use
- UL Listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-5-G-T-T-T-U is a 5-gang wiring device plate configured with one GFCI opening, three toggle switches and one USB module, finished in Night Black brass. It suits residential and light commercial installations requiring a multi-function, all-black control panel in a single location.

Constructed from brass with a Night Black finish, the assembly is rated for 120V, 15A service and carries an IP20 rating for standard indoor dry-location use.

The device is UL Listed and backed by a 1-year warranty.
