

5 - Gang Wall Plate, GFCI and Four USB Openings, 120V/15A, Night Black Brass, UL Listed

- 5-gang configuration with one GFCI and four USB openings
- Rated for 120V/15A electrical service
- Brass construction for rigid device mounting
- Night Black finish across all five openings
- IP20 rated for indoor, non-waterproof use
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-AB-5-G-U-U-U-U is a 5-gang wall plate configured with one GFCI opening and four USB openings, finished in Night Black over brass construction. It is intended for custom residential and light commercial supply layouts requiring a uniform dark finish across multiple device types.

The plate is rated for 120V/15A service and carries an IP20 rating for indoor, non-waterproof installation. Brass construction provides a rigid mounting surface for the five device openings.

The assembly is UL listed and carries a 1-year warranty.
