

5 - Gang Wall Plate, Night Black Brass, Two Switch and Two Toggle Openings Plus USB, 120V 15A

- 5 - gang configuration with two switch and two toggle openings plus one USB opening
 - Night Black all - black brass finish for a uniform dark faceplate
- Brass construction for durability in interior installations
 - Rated 120 V at 15 A maximum current draw
 - IP20 environmental rating, classified non - waterproof
 - UL listed with 1 - year warranty

OVERVIEW

The C-VTG-AB-5-S-S-T-T-U is a 5 - gang wall plate finished in Night Black all - black brass, arranged with two switch openings, two toggle openings and one USB opening within a single faceplate assembly. It is intended for residential supply applications where a unified, multi - device wall plate is required in place of separate single - gang covers.

The plate is rated for 120 V at 15 A and is constructed from brass for durability in standard interior installations. The IP20 rating indicates protection against solid objects greater than 12 mm, suitable for dry indoor environments; it is classified as non - waterproof.

The assembly is UL listed and carries a 1 - year warranty.
