

5 - Gang Wall Plate, Two Single, One Toggle and Two USB Openings, Night Black Brass, 120V 15A

- 5-gang configuration with two single, one toggle and two USB openings
- Brass construction beneath Night Black finish
- Rated 120V at 15A maximum current
- IP20 rating for non-waterproof, indoor installations
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-AB-5-S-S-T-U-U is a 5-gang wall plate assembly configured with two single device openings, one toggle switch opening and two USB openings, finished in Night Black over brass construction. It is intended for residential and light commercial wiring installations where a uniform dark finish is required across mixed device layouts.

The assembly is rated for 120V operation at 15A and carries an IP20 rating for non-waterproof, indoor use. Brass construction provides a durable base beneath the Night Black finish for long-term device mounting.

The product is UL listed and backed by a 1-year warranty.
