

5 - Gang Wall Plate, Single Receptacle, Toggle Switch and Three USB Openings, Night Black Brass, 120V/15A

- 5-gang configuration with single receptacle, toggle switch and three USB openings
- Night Black finish over all-black brass body construction
- Rated 120V at 15A for standard residential and light commercial circuits
- IP20 environmental rating for indoor dry-location use
- UL listed for compliance verification
- Backed by 1-year manufacturer warranty

OVERVIEW

The C-VTG-AB-5-S-T-U-U-U is a 5-gang wall plate assembly configured with one single receptacle opening, one toggle switch opening and three USB openings. Finished in Night Black over an all-black brass body, it is intended for residential and light commercial supply points where a uniform dark finish and multi-device access are required at a single location. Construction is brass with an IP20 environmental rating, suitable for standard indoor dry-location use, and the assembly is rated for 120V/15A service. The unit is UL listed and carries a 1-year manufacturer warranty.
