

3 - Gang Decorator Wall Plate, Black and Gold Brass Finish, 120V/15A

- 3-gang decorator configuration for multi-switch installations
- Brass construction for corrosion resistance and durability
- Black and gold finish for a coordinated decorative appearance
- Rated 120V at 15A for standard North American circuits
- IP20 rated, designated non-waterproof for interior use
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-BG-3-D-G-U is a black and gold finish 3-gang decorator wall plate for residential and commercial supply applications. Brass construction provides a durable, upscale aesthetic suited for installations requiring a coordinated decorative finish across multiple openings.

Rated for 120V/15A service, this device is compatible with standard North American electrical configurations. The IP20, non-waterproof rating designates it for dry interior environments, and the brass body offers corrosion resistance and structural integrity for long-term use.

The device is UL listed and backed by a 1-year warranty.
