

3-Gang Toggle Switch Wall Plate, Black and Gold Brass Finish, 120V 15A

- Configured with three toggle switch openings in a single plate
 - Brass construction for finish durability and mechanical strength
- Rated 120V at 15A for standard residential circuits
 - Black and gold finish for coordinated vintage aesthetic
 - IP20 rated, Non-Waterproof, for dry indoor use only
 - UL listed with 1-year warranty

OVERVIEW

The C-VTG-BG-3-D-S-S is a 3-gang wall plate configured with three toggle switch openings, finished in black and gold brass. It is intended for residential supply installations where a coordinated vintage metallic finish is specified for switch banks.

The plate is rated for 120V at 15A and constructed from brass for durability in finish-sensitive interior environments. The IP20 rating and Non-Waterproof environmental rating indicate suitability for dry indoor locations only.

The device is UL listed and carries a 1-year warranty.
