

3-Gang Brass Wall Plate, Duplex/Switch/Toggle Configuration, Black and Gold, 120V 15A

- 3-gang configuration with duplex, switch and toggle openings
- Brass construction for a consistent black and gold finish
- Rated 120V at 15A for standard branch circuit loads
- IP20 rated, suited to dry indoor installation only
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-3-D-S-T is a 3-gang wiring device plate finished in black and gold, configured with one duplex receptacle opening, one switch opening and one toggle opening in a single assembly. It suits commercial and residential wiring applications where a multi-device gang plate is required at a single installation point.

The assembly is rated 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments only. Construction is brass, providing a consistent finish across the black and gold colorway.

The device is UL listed and carries a 1-year warranty.
