

3 - Gang Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- Three-gang configuration with three device openings
 - Brass construction with black and gold decorative finish
 - Rated for 120V/15A residential circuits
- IP20 rated for indoor, non-waterproof use
 - UL listed for verified safety compliance
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-3-G-S-S is a three-gang wall plate configured with three switch or outlet openings, finished in black and gold brass, intended for standard residential and light commercial wiring installations. It is suited for homes, apartments, and multi-unit properties where a decorative vintage-style metal finish is specified for switch or receptacle assemblies.

The wall plate is constructed of brass and rated for 120V/15A circuits, with an IP20 environmental rating suited to indoor, non-waterproof applications. It carries UL listing and a 1-year warranty.
