

3-Gang Toggle Switch Plate, Black and Gold, Brass, 120V/15A, UL Listed

- 3-gang configuration for triple toggle-style switch installations
- Brass construction for durability in wiring device applications
- Rated 120V at 15A for standard residential circuits
- IP20 rated, non-waterproof, for dry interior use
- UL listed for code-compliant installation
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-3-G-S-T is a 3-gang toggle-style wiring device plate finished in black and gold, intended for residential and light commercial electrical installations. It is built for GST-compatible switch configurations where a decorative vintage-style finish is combined with functional wiring device coverage.

The device is rated for 120V operation at 15A and constructed of brass for durability. It carries an IP20 environmental rating and is classified as non-waterproof, suited to dry interior locations.

The product is UL listed and backed by a 1-year warranty.
