

3-Gang Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- Brass construction for durability in interior installations
- Black and gold finish for decorative multi-gang coverage
- Rated for 120V, 15A electrical circuits
- IP20 environmental rating for non-waterproof interior use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-3-G-S-U is a 3-gang wall plate finished in black and gold, configured with a GSU device layout for residential and light commercial electrical installations. It is designed to cover multi-device switch and receptacle assemblies while providing a decorative vintage-style appearance.

The plate is constructed of brass rated for 120V and 15A circuits, with a non-waterproof, IP20 environmental rating suited for dry interior locations. It is built for standard wall box configurations requiring multi-gang coverage.

The product is UL listed and carries a 1-year warranty.
