

4-Gang Brass Wall Plate, Three Duplex Openings and One Toggle, Black and Gold, 120V/15A

- 4-gang brass wall plate with black and gold finish
- Configured for three duplex receptacle openings and one toggle switch opening
- Rated 120 V at 15 A for standard residential circuits
- IP20 rated for dry indoor use
- UL listed construction
- 1-year warranty coverage

OVERVIEW

The C-VTG-BG-4-D-D-D-T is a 4-gang brass wall plate finished in black and gold, configured with three duplex receptacle openings and one toggle switch opening. It suits residential supply installations where a coordinated decorative finish is required alongside standard wiring device configurations.

The plate is constructed from brass and rated for 120 V at 15 A, consistent with standard single-phase residential circuits. An IP20 rating indicates suitability for dry indoor environments, and the assembly carries a Non-Waterproof environmental rating.

The device is UL listed and backed by a 1-year warranty.
