

4-Gang Wall Plate, Two Duplex and Two Switch Openings, 120V 15A, Black and Gold Brass

- Four-gang layout with two duplex and two switch openings (DDSS)
- Brass construction finished in black and gold
- Rated for 120V, 15A electrical circuits
- IP20 rated for non-waterproof, indoor installation
- UL listed assembly
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-4-D-D-S-S is a build-to-order 4-gang wall plate finished in black and gold, configured with two duplex receptacle openings and two switch openings (DDSS layout). It is intended for residential and light commercial supply applications where a decorative vintage-style finish is required alongside standard electrical infrastructure.

The plate is constructed from brass and rated for 120V, 15A circuits, with an IP20 environmental rating for non-waterproof, general indoor use.

The assembly is UL listed and carries a 1-year warranty.
