

4 - Gang Wall Plate, Two Decorator Openings, One Switch and One Tamper - Resistant Outlet, Black and Gold Brass, 120V/15A

- Configured with two decorator openings, one switch and one tamper-resistant outlet
- Brass construction in black and gold finish
- Rated for 120V/15A circuits
- IP20 rating for dry indoor, non-waterproof environments
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-4-D-D-S-T is a 4-gang wall plate finished in black and gold brass, configured with two decorator openings, one switch opening and one tamper-resistant outlet opening. It is intended for residential and light commercial wiring installations that consolidate multiple device types into a single multi-gang assembly, such as living spaces, corridors, or common areas.

Constructed from brass, the plate is rated for 120V/15A circuits and carries an IP20 rating, indicating suitability for dry indoor, non-waterproof environments. The black and gold finish provides a consistent aesthetic for residential or hospitality interior specifications.

The assembly is UL listed and carries a 1-year warranty.
