

4-Gang Vintage Wall Plate, Two Decorator Openings, Switch and USB, 15A 120V, Black and Gold

- Brass plate construction for a durable, finished appearance
- Configured for two decorator openings, one switch and one USB module
- Rated 120 V / 15 A for standard residential circuits
- IP20 environmental rating for indoor dry-location use
- UL listed for code-compliant installations
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-4-D-D-S-U is a build-your-own 4-gang wall plate kit finished in black and gold, configured with two decorator openings, one switch opening and one USB opening. It suits multi-device residential supply locations where a coordinated finished appearance is required across duplex receptacles, switches and USB modules.

Constructed from brass, the plate assembly is rated for 120 V / 15 A circuits and carries an IP20 environmental rating, suitable for standard indoor dry locations.

The kit is UL listed and backed by a 1-year warranty.
