

4-Gang Wall Plate, Decorator, Switch and Dual USB Openings, 15A 120V, Brass, Black and Gold Finish

- 4-gang layout with one decorator, one switch and two USB openings
- Rated 15A at 120V for standard branch circuits
- Brass construction for durability in interior applications
- IP20 rated, non-waterproof, for indoor use only
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-4-D-S-U-U is a 4-gang wall plate finished in black and gold, configured with one decorator opening, one switch opening and two USB openings. It is part of a configurable Build Your Own plate series, allowing contractors and property managers to specify gang count, device layout and finish to match project requirements in residential and light commercial installations.

Constructed from brass and rated 15A at 120V, the plate is intended for dry interior environments with an IP20, non-waterproof rating.

The assembly is UL listed and carries a 1-year warranty.
